When Winter Breaks

and spring begins to shine through we will be the busiest that we have ever been. No better proof of this than that we are increasing our spring business right in the midst of real winter weather. What will it be; what should we expect when spring is really here?

Every line in our store is large and we think better selected than ever before. The following are some of our best sellers. Worth every cent that we ask.

BABIES' GOODS

Babies' Long or Short Dresses as low as 25c each, with Hamburg yokes. Better ones with Hamburg and lace trimming at 50c each. This is a durable and fine grade Dress, sold to best trade as a Dress for more common wear.

Babies' Long and Short Dresses from 25c up to \$5.00 each. It's a saving to mothers to buy them ready to wear, and our prices will show them where they can save a few pennies by going over our line.

New lot of Babies' Silk and Muslin Bonnets, also one full line of Babies' Straw Bonnets, now in, ready to show at any time; will be in our cases as soon as the sun shines.

Babies' little Leather High Shoes, Ankle Ties and Moccasins. This is a very attractive line and great sellers. It's a line of Infants' Shoes that's a little different. It's very classy.

Babies' Blankets, Socks, Knit Jackets, Bibs, Night Robes, Sweaters, Leggings and Stockings. Hardly think that you will find a better line in Vermont.

EMBROIDERIES

Embroidered Edges and Insertions are always good. This season Flouncings and Bands are to have a run. In fact, this will be a big season for Embroideries. Finer Embroideries have the call. They are being used for graduation and dresses for state occasions.

Muser Brothers' Embroideries may not mean anything to you, in the way of style or quality, but it does to us, and we are looking out for you.

We are selling a 27-inch Flouncing with bands to match in a good fine grade, embroidered very deep, a \$1.00 grade now at 75c per yard. Bands to match at 23c per yard.

Embroidered Marquisettes are new and will be some of our best sellers. These come in 45c and five yards to the piece, enough for dress and trimming. We have the plain Marquisette to match for waist or extra body work.

NEW CORSETS

The very long Corset to many looks extremely long. It is not so; the body is no longer than old styles, it is no higher under the arm; it simply sets down over the hips and as the steels are not long it is soft and gives the figure so necessary for a perfect fitting dress. R. & G. No. A94 and B94 are the two new styles; come at \$1.00 and \$1.50. (Not expensive.)

Nemo Corsets are our new kind. They are more expensive, they are different. Have been on the market only about 12 years, and in that time have come to be the leading Corset in this country and the price is \$3.00 each. They must have merit, or they would not have come into popularity so quickly. One would expect that the price would be against them. Not so; value is what is wanted, and they are cheap at the price.

One look at our Corset department will give you an idea that we have pretty nearly what you want.

Dresses are pretty nearly all with short sleeves, waists the same. This calls for long silk and kid gloves. We have them and they are all new and fresh stock, not left overs.
